

## Fisseha: International Church Planter

DC Metropolitan area is one of the major hubs for hundreds of thousands of Ethiopians and Ethiopian born citizens. In other words, DC, Maryland and Virginia have the largest Ethiopian community outside of Ethiopia. It is estimated there are more than 600,000 Ethiopians living in the DMV (stands for DC, Maryland, Virginia). Of all the Ethiopians, not more than 20% are believers. So, there is a lot we need to do.

Pastor Fisseha and his wife Wedajie are missionaries seeking to reach Ethiopians in the DMV. They speak 2 of the major languages spoken by more than 95% of the people, Amharic and Oromo. They have been blessed with 4 children. Pastor Fisseha and his wife have started Fullness of Christ church in 2018 and the church is growing by reaching unbelievers for Christ. They are also looking to start an Oromo speaking church in the near future. They have also organized a group of Eritrean people from Fullness of Christ church and they are planning to start an Eritrean church. Please pray for pastor Fisseha and Wedajie to be a reason for many Ethiopians to come to Jesus and reach the greater Washington DC area for Jesus.

Pastor Fisseha Tesfaye
