## BRO. MARSHALL'S MESSAGE

### Water

Water does many things. Our bodies are 60% water! We must replenish that water, or we will dehydrate. Water brings life. Flowers and other plants must have water to grow and be healthy. Water cleanses. We wash our cars, pots and pans, plates, utensils, bodies, etc with water. Water erodes. Rivers, creek beds and ditches wash away due to massive amounts of water. Water holds shape. Pour it into any container and it takes the shape immediately, pour it out and it loses that shape. Water freezes. As ice cubes it keeps drinks cold, and it causes cracks in pavement to expand. Water destroys. As we saw in our association on August 4, 2023, floods destroy. Many people lost everything! Bottom line, water changes things. Sometimes for the best and sometimes for the worst.

Jesus said, in John 7:37-38, *"If anyone thirsts, let him come to me and drink. 38 Whoever believes in me, as the Scripture has said, 'Out of his heart will flow rivers of living water.'"*

If we are seeking Jesus, truly "thirsting" for him, we will find him and he will fill us with the living water. So much so, that not only do we get our thirst quenched, but we also have a surplus that will flow out on to others. What comes out of us at this point is Jesus! For most of us, that is much different than what flowed out of us before! We are changed. Water changes things.

If you have sought Jesus and he has filled you to overflowing, who are you pouring into? How are you pouring out? Who sees Jesus in you?

We have many in our community still hurting due to the recent floods. We are still in need of some teams to help put down flooring and hang drywall. Please let us know if you can help.

Till all hear!

Bro. Marshall

### PLEASANT HILL—RIVES

#### Invites you to:

Sept 10- Homecoming 10:45 a.m. (Dinner on the grounds to follow)

10-13 Revival 6:00 p.m. nightly
